faten-kerrou | faten-kerrou

PROFILE

Final-year Computer Engineering student specializing in Cloud Computing, motivated and actively seeking a 6-month end-of-studies internship. Passionate about technology and building innovative solutions, with a strong interest in Generative AI, RAG-based applications, cloud technologies, and software development. Curious, adaptable, and eager to learn.

EDUCATION

Computer Engineering Degree 2024 – Present
Private Higher School of Engineering and Technology (ESPRIT), Tunis

Bachelor's Degree in Computer Systems Engineering 2021 – 2024
Higher Institute of Applied Sciences and Technology of Gafsa (ISSAT Gafsa)

PROFESSIONAL EXPERIENCE

Web Development & DevOps Intern — Linedata, Tunis July 2026 – September 2026

- Developed a web application using **React, TypeScript, Java, and Spring Boot** to analyze procedure dependencies.
- Implemented search and indexing features, with synchronization through the **GitLab REST API**.
- Deployed the application on a **Linux server** and collaborated within a development team.

Final-Year Internship — SoftySkills, Sousse February 2024 – June 2024

- Developed a leave management application using **React.js, Supabase, and Tailwind CSS**.
- Applied Scrum methodology and used **GitHub** for collaborative development.

TECHNICAL PROJECTS

DevOps Troubleshooting Assistant — LLM Zoomcamp September 2026

- Built an end-to-end AI assistant based on **LLMs and RAG** to answer DevOps troubleshooting questions using technical documentation.
- Implemented document processing, chunking, embeddings, and vector indexing using **Qdrant**.
- Developed a hybrid retrieval pipeline combining **Vector Search, BM25, and Cross-Encoder Reranking**, with retrieval evaluation.
- Worked with **Python, FastAPI, and React/TypeScript** to build the application.

Cloud Application Deployment Project April 2026

- Designed and deployed a **private cloud infrastructure using OpenStack**.
- Developed a full-stack application with **Angular and Spring Boot**, deployed on Kubernetes.
- Implemented CI/CD using **GitHub Actions** and infrastructure automation with Ansible.

CERTIFICATIONS & DISTINCTIONS

- **CCNA 2** — Switching, Routing and Wireless Essentials (2025).
- **Cisco Networking Academy CTF Finalist** — 6th Worldwide, 2nd Africa & Middle East (2026).

TECHNICAL SKILLS

- **AI & Generative AI:** LLMs, RAG, Embeddings, Vector Search, BM25, Cross-Encoder Reranking, Prompt Engineering.
- **Backend & Frontend:** Python, FastAPI, Java, Spring Boot, TypeScript, React, Angular, REST APIs.
- **Cloud & DevOps:** OpenStack, Kubernetes, Docker, Ansible, Linux, CI/CD, Git, GitLab, GitHub Actions.
- **Databases:** PostgreSQL, Qdrant, Supabase, MySQL.

LANGUAGES

Arabic: Native | **French:** Fluent | **English:** Professional Working Proficiency
